MCP specialises in providing Personal Insurance & Risk Management solutions from a range of insurance relationships and accreditations.

MCP can then provide you with a FREE Review of your insurance policies, including

- Life Insurance
- Total & Permanent Disability (TPD) Insurance
- Trauma Insurance
- Income Protection Insurance
- Business Expenses Insurance
- Key Man Insurance
- Buy/Sell Insurance

We help identify the nature of the risks faced by you and/or your business, and suggest the appropriate nature of insurances required.

By completing and returning the attached Authority Form, MCP can view your current policies, and review it against other products in the market.

Returning the form is as simple as signing, scanning and emailing through to:
